DIGITAL OUTSIDE MICROMETER – Series DOM-IP65

- World's highest-performing micrometer overall.
- Extended battery life of approximately 2.4 years.
- Ergonomic anti-slip frame cover and front panel for more comfortable hand-held measurements.
- Ratchet thimble provides better operability for one-handed operation.
- Oil-resistant material is used for all plastic parts.
- Material face: Carbide.
- IP65 Level, i.e., Coolant-proof micrometer.
